

If you have forgotten or lost your password for **Seneye Connect V2** or **seneye.me**, don't worry.

Click the [Forgot Your Password](#) link on the **seneye.me** login page, enter your email address, and we'll send you a new password.

Or you can simply email or call us and we can reset it for you. You can also tell us what password you would like.

If you are still having problems logging in then please E-mail us at support@seneye.com from your registered account. We can then look into the cause.
